TRK 702 MY24 FEATURES

ALLOY WHEELS

The TRK 702 has superior levels of safety even in the most difficult situations.

TALL WINDSHIELD

Wind tunnel-designed faring and windscreen o? er maximum wind and weather protection for rider and passenger

ENGINE

The TRK 702 shares with the road version the solid and sturdy 2-cylinder in-line engine, with liquid cooling and a double-overhead camshaft, which, when combined with such a stylish chassis, makes this bike both captivating and easy to handle. Maximum engine power is 51.5 kW at 8000 rpm and maximum torque is equal to 70 Nm at 6000 rpm. It has wet-sump lubrication, wet multiplate clutch, and six-speed gearbox with final chain drive. The modern 698cc will cruise easily at motorway speeds

ILLUMINATED SWITCHEAR

Cutting-edge and eye-catching look, TRK 702 as backlit handlebar switchgears giving a nice visual touch but also being very practical
